

FAASTeam presents:

Celebrating 30 Years of Safety at West Houston Airport

“Celebrating 30 Years of Safety at West Houston Airport.” A special celebration to recognize and acknowledge the contributions of many organizations and individuals who have participated in the FAA safety meetings at the airport. Our first meeting was held on the 4th Tuesday of June 1985. We have had a monthly safety meeting on the 4th Tuesday of each and every month (except December) continuously since that date. During the years we have had many terrific and informative programs presented by a variety of CFIs, medical examiners, ATC controllers, weather people, and more. It is our hope that many of those presenters will be able to attend our celebration as well as those who have attended the meetings over the years. The attendees are an integral part of the program. Without the attendees there would be no reason to hold these meetings. Come help us celebrate safety with food, fun and friends at West Houston Airport. The Houston FAASTeam will also discuss how the WINGS program interfaces with part 61 for currency and flight reviews.

Directions: From I-10 take Barker Cypress exit and go north to Groeschke Road, turn right. About three blocks on the left is the airport entrance. Meeting will be upstairs in the terminal building.
